Subject: Re: Request for review of the response to NHTSA's Inquiry concerning the ES350 AWM.

Mitch,  
I hope you got my return email yesterday - I was traveling. It took a while to review the information you sent on my blackberry. It looked OK to me and Michael Collinsworth also confirmed.

Thanks for your help.

Bill

Thank you very much for your cooperation and support on the preparation of the Toyota's response to NHTSA's inquiries(PE07-016) concerning the ES350 all weather floor mat issue.

First of all, I would like to inform you of the change of the date for the submission of our response, because Department of Transportation, including NHTSA, has been moving to the other building.  
Current submission date is next Monday, June 11th, 2007.

After several discussions with TMA-DC and TMS-PQSS, I completed the final draft of the Toyota's response to the above issue.

So I would like to request that you review the attached draft carefully, especially Response 7 through Response 13 and Response 16, and if you have any concerns or comments, please let me know by Thursday, June 8th(US time).

I will appreciate it if you could give me your feedback as soon as possible regardless of the above deadline.

Thank you again for your support.

Best regards,

Mitch Kato
